

## **CORONAVIRUS EMERGENCY**

# **WE CAN, WE MUST AND WE WANT TO BE OPEN**

Dear Customers and Suppliers,

pursuant to and for the purposes of the Prime Ministerial Decree (Prime Minister's Decree) dated 22 March 2020, we inform you that our company, having ATECO code 2007: 13.95 "Manufacture of non-woven fabrics and articles in these materials, (excluding articles of clothing) is among the companies that can continue to guarantee the operation of their production activities.

We supply air filters for hospitals, nursing homes, pharmaceutical companies, food companies and large-scale retail outlets which, today more than ever, must be able to maintain their qualitative and quantitative standards high.

We are working every day, even if with a reduced staff, in total compliance with all the precautions necessary to protect the health of our collaborators and people close to them.

We apologize as of now if some deliveries, already confirmed, may be postponed due to the difficulties we are encountering in supplies or the delays due to the Carriers who are facing enormous operational difficulties.

This is not intended to be an "advertising" communication but only a service one: we are at your complete disposal.

Best wishes to you and your loved ones.

We all lend a hand to stay safe.

A strong and sincere embrace even if, for now, only virtual.

From all Vefim Team
